Everybody Grows MUMS

Do you make money on them, or is it a catch crop just to keep the benches filled? Too frequently mums are bought with little thought and even less planning.

The mistakes made by many a florist in ordering the wrong varieties for his growing facilities or market, cost him more than all the mum cuttings he plants. Maybe it is because he's too busy with the rush of spring:—sometimes it is so late that the choice is limited;—but anyway, ordering from a source qualified to guide him, he could buy ALL his cuttings, — save money, — and produce a more profitable crop.

MUMS DO PAY — when the right varieties are planted in the right place. Do you know the best spacing for the varieties you grow? — and the best time to pinch them in order to get the best bud at the right time on standards, and the best sprays in pompons?

Skidelsky Pioneers Again

This is the first time to our knowledge that such vital information is being made available to all florists.

Following our policy of cooperation, we have boiled down this information, and gladly share it with you in condensed form. This booklet is a composite result of information gathered by our own staff, and represents years of survey and research by experienced men who are trained to know. The history of S. S. Skidelsky & Co. proves that growers do appreciate our interest in their problems.

We are offering these SUGGESTIONS in a sincere effort to help you produce better chrysanthemums. However, they are not to be construed as INSTRUCTIONS, implying that it is the only way to grow mums. Other systems have likewise produced good results, but these suggestions are based on successful results of growers whose ability is highly respected. These tips have been tried, — and work.

It costs no more to buy Blue Diamond cuttings that are guaranteed to be clean, healthy, and well-rooted, — and delivered when you want them.

Buy from men who know. Test BLUE DIAMOND service. Give S. S. Skidelsky & Co. your next order.

Wait for our representative, or write us direct — NOW.

TERMS

All bills are subject to 2 per cent discount within 10 days from invoice date. Sixty days net. Sight draft, plus interest, thereafter.

Shipments are forwarded by best carrier, in our judgment at time of delivery, unless otherwise specified by customer.

First-class stock is carefully packed when shipment is made, and we hold good order receipt from the transportation company. Our responsibility ceased thereafter If the stock reaches you in bad condition, notify agent and bring claim against the delivery company for damage caused by their negligence, as no allowance for this cause can or will be made by us.

Bulbs, whether shipped on arrival or placed in cold storage for later delivery, may be examined at time of arrival if desired, but no claims will be entertained at a later date.

As to all items other than **bulbs**, claims must be made within five days after receipt or they cannot be recognized.

Discounts for cash with order, except on cyclamen, grass seed or special quotation. Flower and Vegetable seed orders up to $25.00 — 5%. Over $25.00 .... 8%. All other items — 3%.

New accounts desiring credit, please give three trade references.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

WE MAIL FLOWER SEEDS POST FREE TO ANY POINT IN THE UNITED STATES

Disclaimer. While we, S. S. Skidelsky & Co., exercise the greatest care to have all seeds pure and reliable, and all bulbs, plants and cuttings true to name, we do not give any warranty, express or implied, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they must be returned at once and the money will be refunded.

Cultural Suggestions

Generally speaking, all varieties of mums and pompons do best when pinched for the last time one hundred days before flowering. By doing this, the possibility of weak necks is practically removed, and labor is saved on disbudding since it usually eliminates the first set of (crown) buds. However, no mums should be pinched in any case, later then August 10. The last pinch indicated in our catalog, is the most important. Earlier pinches should be timed three weeks apart (figuring backwards) from the date of the LAST pinch. NOT from the date of planting.

Standard spacing of eight inches between rows is assumed throughout the list.

Maintain sixty to sixty-five degrees nights until October 10, when buds will have set. A cold check before October 10, stops buds from setting, — which is the cause of much blindness in mums.

TABLE TO DETERMINE THE NUMBER OF PLANTS REQUIRED FOR A GIVEN SPACE

Spacing	10 sq. ft.	15 sq. ft.	25 sq. ft.	50 sq. ft.	100 sq. ft.

2½"	168	252	420	840	1680
3"	116	174	290	580	1160

WHAT TO DO WHEN THE CUTTINGS ARRIVE

(1) Unpack immediately upon arrival.

(2) Check the quantities against your invoice.

(3) Puncture the paper on the bottom of each bundle and immerse the bundle in water for five or ten seconds.

(4) Stand them upright in flats with the tops of the plants exposed to AIR and LIGHT. Leave them in this room for several hours. This will freshen the plants, swell the roots and enable them to start off with a minimum of wilting.

(5) Set the plants as shallow as possible keeping in mind to have the roots well covered with soil.

(6) The first watering is very important. Water immediately after planting and water **thoroughly.**

(7) Give a light spray two or three times each day if weather is bright and warm.

(8) If the above steps are fully followed, shading in most cases can be eliminated. However, in very severe weather or other unusual circumstances, shading the glass for a few days until plants are established is helpful. As soon as plants have formed new roots and established themselves, remove shade at once.

SCHEDULE OF RATES

The prices per 100 and per 1,000 appear opposite each variety in the catalogue.

250 of a variety will be billed at the 1,000 rate.

If order totals 1,000, 25 of a variety will take the 1,000 rate.

If order totals less than 1,000, 25 of a variety will be billed at the 100 rate.

More than 25 of a variety must be in multiples of 25.

Any quantity less than 25 will take the 10 rate.

Below are listed the rates per 10 corresponding to the respective rates per 100.

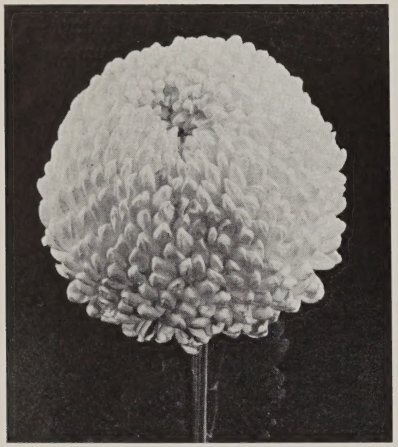
Rate per 100	Rate per 10
$3.25	$ .50
4.00	.50
6.00	1.00
7.00	1.25
8.00	1.50
12.00	2.00
15.00	2.50

Liberal discounts for quantity orders and on orders placed two months or more in advance of delivery date, provided delivery date is April 1st or later.

Introductions For 1942

DON'T BUY NEW VARIETIES JUST BECAUSE THEY ARE NEW

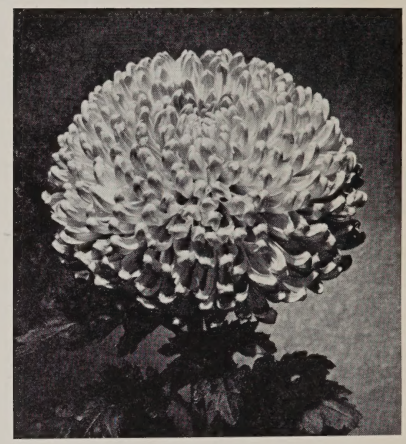
These introductions are all worthy varieties that deserve a try, because they definitely "have something." They are being disseminated by responsible growers and are offered by us because they show definite advantages over existing varieties. They are all guaranteed free of verticillium blight.



PENROD
DE PETRIS

MEDIUM-SIZED PERNET YELLOW. Very fine incurved form. Possesses good substance giving the variety good keeping as well as good shipping qualities. A free and easy grower with good stem and foliage. Will produce three blooms per plant with remarkable uniformity. A very attractive looking variety that should be useful to growers desiring moderate size together with excellent form and good substance. MATURES NOV. 10th but can be easily held for a week.

Price for Rooted Cuttings:
$2.50 per 10, $15.00 per 100, $125.00 per 1000



CAMBRIA
DE PETRIS

A free growing COMMERCIAL variety of average size. Form very closely incurved. Color intense, GOLDEN BRONZE with a metallic sheen. Strong wiry stem and small foliage which seems to fill out and stiffen as the flowers mature. It is very easy to grow and quite resistant to disease. Produces two blooms to the plant very uniformly. Blooms possess excellent substance and ship extremely well. An excellent and profitable variety for both wholesale and retail grower. MATURES OCT. 25th.

Price for Rooted Cuttings:
$2.50 per 10, $15.00 per 100, $125.00 per 1000

BAUR-STEINKAMP & CO. INTRODUCTIONS

LARGE FLOWERING VARIETIES

Early October—In size and color about the same as October Rose but blooms **October 4th. An early pink** of midseason quality. Abundant medium sized foliage and fine stem. Grows five feet from June planting. A boon to the grower who does not grow mums under shade. Take terminal bud.

Mongol—Might be styled an early Detroit News except that the blooms build higher in the center. A **fine golden bronze** blooming by **October 20th.** Grows five feet from June planting. Good stem and foliage. Take terminal bud.

Gloria—A fine yellow, just right for Thanksgiving cutting. **November 25th.** Incurved large size and good substance. Good stem and foliage. Grows four feet from June planting. Take terminal bud.

December White—Fine bloom in **December** without having to use artificial light. Always **clear white,** large, incurved and carried on strong stems. Holds fine on the plant or after being cut. Grows five feet from July 1st planting. Take terminal bud.

POMPONS

Cho Cho—Large button. Fine even shade of **lavender pink** the size of Pink Dot. Makes fine sprays and cuts heavily. Medium height. **Blooms October 9th.**

Yellow-Hammer—An **early bright golden yellow** pompon before Golden Spray and Goldfinch. Blooms are same size as Pink Dot. Medium height and produces heavily, making fine sprays. Good for shading.

Fair Maid—Beautiful **daybreak pink.** Something unusual in pompons and extremely valuable for making up. Sells on sight. Blooms are 2½ inches in diameter and produced in fine sprays. Fine grower and blooms **October 20th.**

Uneeda—Late **pink pompon** of good color and substance. Excellent for Thanksgiving cutting, **Nov. 25th.** Grows to medium height and produces well.

ANEMONE

Collarette—A **white anemone** with bright yellow cushion. The blooms are 2¼ inches in diameter and are produced in fine sprays with splendid substance. Withstands market handling well. Blooms **November 8th** and holds well.

Aurora—A **late pink single** extremely valuable for cutting with Garza Supreme. Blooms are three inches in diameter, bright pink with bright yellow disc. Grows four feet tall with strong stems and yields heavily.

$5.00 per dozen, $7.50 for 25, $12.50 for 50, $20.00 per 100, $150.00 per 1000

EUROPA

DE PETRIS

An intense cardinal RED SINGLE of outstanding brilliance and exceptional substance. It may be grown either as a single disbud or as a disbudded spray. The color improves any existing red single. A very brilliant red on the inside of the petal and a gold on the reverse. Europa might be said to mark an epoch in red singles. It is fairly easy to grow. The spray formation is stiff and rigid. It must be carefully spaced, carefully pruned and accurately disbudded. We believe it will well repay any man who will give it this kind of cultural treatment. BLOOMS NOV. 5th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

AMBERLITE

YODER BROTHERS

A BRIGHT ORANGE BRONZE SINGLE of excellent substance and easy culture. It is a good producer and a strong persistent grower that is not exacting in its cultural requirements. Does not require disbudding; best in natural sprays. Plant 7 x 8; grow two stems. MATURES NOVEMBER 25th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

MATADOR

YODER BROTHERS

A RICH RED ANEMONE of large size and after the style of crimson glow. It improves that variety in every respect. The stems are stiff and straight with the flower held rigidly and erect. The form is excellent, color is very bright and vivid. For disbudded sprays plant 7 x 8; pinch July 25th; grow 2 stems; 3 flowers per stem. As a single disbud, plant 7 x 8, last pinch August 5th; grow 3 stems. MATURES DEC. 5th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

BRONZE PROSPERITY

YODER BROTHERS

A DEEP ORANGE BRONZE Sport identical to Prosperity. The color is excellent. Best grown on raised benches, or if in ground beds, plant early. Last pinch July 20th. MATURES DEC. 10th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

RED BRISTOLITE

YODER BROTHERS

RED Bristolite is better as a red than Bristolite is as a Bronze. The size, form and substance are excellent. Growth is sparse but persistent. Must be planted close to secure production. Use soft cuttings, clean rich soil; preferable ground beds. Pinch once about July 25th. Plant 5 x 8; grow 2 stems. MATURES NOVEMBER 25th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

CAMEO

YODER BROTHERS

An IVORY POMPON of unusual size and substance that blooms the same time as Yuletide and Cordova. A strong persistent grower possessing a rigid and well spread spray. The growth habit is superior to any worth while variety in its color class and blooming season. The flower is large and of an attractive form. It should be the answer to the grower who demands a white or cream Pompon for early December that will provide him with quality, production and reliability. MATURES DECEMBER 5th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

YELLOW SNOW

YODER BROTHERS

A BRIGHT PERNET YELLOW identical Sport from Snow. Because of its season, DECEMBER 30th, heavy production and excellent color this variety will prove to be one of the most valuable additions to the late Pompons.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

ORANGE BELLE

DE PETRIS

Small flowered POMPON with good form and substance. Color REDDISH ORANGE RUST. Very free growing habit with small foliage. Good spray formation on wiry stems which attain a good length. This variety is outstanding in growth and the attractiveness of its clean stems and foliage. We believe this will prove a profitable variety for the grower. Matures in LATE NOVEMBER AND EARLY DECEMBER.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

SONATA

YODER BROTHERS

A very BRILLIANT ORANGE BRONZE SINGLE. The flower has a starlike appearance which enhances its beauty. Its keeping qualities are unusually good. Its growth habit is decidedly vegetative. It is a very easy doer and a heavy producer. Plant early on raised benches; last pinch August 1st. MATURES DECEMBER 5th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

ROSALIND

YODER BROTHERS

A clean medium PINK SINGLE. The growth habit is excellent; a very free grower; medium sized stem and foliage; no tendency to blindness. It flowers at a time of the year when pink is scarce. It appears to do equally well either on ground bed or raised bench. MATURES DECEMBER 20th.

Price for Rooted Cuttings:

$2.50 per 10, $15.00 per 100, $125.00 per 1000

Large-Flowering Commercial Varieties

KEY TO SYMBOLS FOR THIS CLASS

S.—Varieties best for shading (Black cloth)

BOLD TYPED varieties give best results generally.

G.—Ground Bed

R.—Raised bench

G. or R.—May be grown either way; first letter indicates preference.

Height: M.—Medium. T.—Tall. SH.—Short.

Data is based upon plants being benched about July 1, with standard spacing of 8" x 9" throughout with two blooms per plant.

Pompon, Single and Anemone Varieties

KEY TO SYMBOLS FOR THIS CLASS

S.—Varieties best for shading (Black cloth)

*** Responds to disbudding.**

BOLD TYPED varieties give best results generally.

G.—Ground Bed

R.—Raised bench

G. or R.—May be grown either way; first letter indicates preference.

GG. or RR. MUST be grown as indicated for best results.

Measurement in inches denotes distance between plants IN the row. Data is based on plants having 8" between rows across the bench, and planted in benches July 1st.

Numeral indicates number of stems per plant permitted to grow after the last pinch.

Height. T Tall. M Medium. SH Short.

Size of flower is indicated by S Small. I Intermediate. L Large.

Types are abbreviated by POM.—Pompon; DEC.—Decorative SGL.—Single; ANEM.—Anemone.

Mrs. Hailman. Light lavender	S. Sing.	Oct. 30	6.00	50.00

SHADING TIME TABLE

For Cutting Chrysanthemums

The varieties in the following list have been found to lend themselves satisfactorily to black cloth shading. The dates for planting, pinching, etc. opposite the respective varieties are those which we have found most satisfactory when the given blooming date is desired.

A good durable black cloth should be used for shading. A poor cloth tears easily and shows excessive wear in a short time. This allows enough light to penetrate to interfere with definite blooming response. Best results are obtained when the light intensity under the cloth when applied is 2 ft. candles or less. If greater than 2 ft. candles, blooming is delayed and may be uneven.

The cloth is applied at 5:00 P.M. and removed at 7:00 A.M. Shading is continued on pompons until the latest buds show color and the majority of flowers are quite well developed. On large flowering commercial varieties shading can be discontinued after all flowering buds have attained the diameter of approximately half an inch.

Best results are obtained when varieties of approximately the same blooming date are used for any one particular shading.

When a spread in blooming dates is desired, repeated shading of a few varieties at weekly or ten-day intervals has proven more satisfactory than grouping a large number of varieties into any one shading. The shading dates given are those which have been found to be best for the respective varieties.

Benching of rooted cuttings is satisfactory where bench space is available early enough. In such cases, the cuttings should be benched instead of flatted at approximately the date given for flatting or potting.

When only one branch is desired following a pinch, soft pinching should be practiced. Removal of the mere tip is best, for example, when standards are pinched to avoid crown buds. Thus the final pinch on standards should be a soft pinch.
When several breaks are desired as in pinching of pompons, the pinch should be low enough to remove all of the soft growth. The lowest point at which the stem breaks off readily is about right for this type of pinch.

For strong stems a single pinch is best. With more pinches plants become successively weaker.

Last pinch should be made 4 to 5 weeks before starting to shade.

SHADING TIME TABLE for Pot Plant Chrysanthemums

The varieties in the following list have been chosen because they are adaptable to black cloth shading as well as for normal flowering, thus giving a flowering range from August 1 to November 20 with relatively few varieties.

There are other varieties that may be used for pot plant culture, however varieties that flower after November 20 are not recommended for the very early shading.

LITTLE AMERICA

CULTURE

A. SOIL—Sterilized. Field soil with small addition of manure.

B. PLANTING—Three cuttings into 5½" pot directly from propagating bench on dates given. One additional cutting for each ½" increase in pot size. If these are spaced well, a better balanced plant will result than if planted together in center of pot.

C. PINCHING—Three pinches. First pinch approximately 15 days after planting. Second pinch approximately 30 days after planting. The third and last pinch controls height of plant. Soft pinching is satisfactory. Hard pinch when the last pinch is delayed until after shading. Example: Yellow Beauty when shaded June 1 and pinched June 11.

D. SHADING—Same procedure as for cut flowers. Black cloth should be new or in best of condition for very early shadings to avoid delayed and uneven blooming. When possible take cloth off at night, replacing before daylight.

E. DISBUDDING—

POMPONS—Remove center bud except on the button types. This gives better spacing to the remaining flowers. Also the center bud generally matures earlier than the surrounding buds, giving the appearance of irregular blooming and premature ageing. Remove this bud as early as is convenient.

DISBUDS—Disbudding must be done early, late disbudding results in small flowers and weak and elongated stems directly below the flowers.

F. HEIGHT OF PLANTS—

Pompons in 5½" or 6" pots—11"-13" from top of pot.
Disbuds in 5½" or 6" pots—14"-17" from top of pot.

ASTERS SPECIAL FLORIST VARIETIES

CALIFORNIA SUNSHINE

IMPROVED GIANT

Blooms early to Mid-September. Stems are long and heavy, on plants from 2'-3' in height, flowers 4"-5" across, are composed of a single row of loosely placed outer petals which contrast with the unique yellow quill-like center disc.

Alpenglow. Purple
Appleblossom
Blue Moon. Light Blue
Enchantress Pink
Rainbow Rose
Stratosphere. Light Lavender
White (Moonbeam)
S.S.S. Giant Sunshine Mixture

Each of the above

Tr. Pkt.	1/8 oz.	1/4 oz.	Oz.
.30	.50	.90	3.00

GIANTS OF CALIFORNIA

IMPROVED (Curled and Interlaced)

The flowers are large and full, of the well-known Crego type, with broad graceful petals, borne on long heavy non-lateral stems from late summer until frost. A fine cut flower for florists. Height 2½'-3'.

Appleblossom
Carmine Rose
Crimson
Dark Purple
Deep Rose
Light Blue
Light Purple
Peachblossom
Silvery Rose
White

CALIFORNIA GIANTS Mixture

Each of the above.

Tr. Pkt.	1/8 oz.	1/4 oz.	Oz.
25.	.40	.75	2.50

GIANT PAEONY FLOWERED

A superb florist strain, with immense fully double flowers resembling the Beauty type, borne on long, stout non-lateral stems. The plants are 2½'-3' tall, blooming with the Giants of California.

Azure Fairy. Azure Blue
Maiden's Blush. Delicate Pink
Purple Robe. Deep Purple
Peachblossom. White Flushed Pink
Rose Bud. Deep Rose
Silvery Rose.
Swan's Down. Pure White
Giant Peony Fld. Mixture

Each of the above.

MAGNOLIA JUMBO EXHIBITION

FOR THOSE WHO DEMAND THE BEST

Many blooms measured over 4 inches from this Sensational Strain. The plants are extra hardy and produce a Massive Root System, enabling them to flower well into the hot weather. The flowers of splendid colors are firm and full and are borne on exceedingly strong stems.

Seeds are procured by hand pollenization of flowers all carefully selected from the Biggest and Best.

	1/16 oz. (about 2000 seeds)				
Tr. Pkt.	1/16 oz.	1/8 oz.	1/4 oz.	1/2 oz.	Oz.

F. O. B. NEW YORK

Introducing Two New Coming Commercials

FLORA FARMER

Although introduced only in 1939 this variety has demonstrated its ability to win in its color class at many of the major gladiolus shows. However, we wish to especially direct your attention to its possibilities for decorative purposes and as a commercial cut flower. Its unusual shade of deep radiant pink and creamy white throat have great color value. The beauty of its slightly ruffled florets and the fact that nearly all of the buds show color by the time the first floret opens give it additional value for florists use.

The strong sturdy spikes do not crook. Although it is a vigorous grower it appreciates good culture. Well grown spikes are about 48 to 50 inches tall. However, the heavy foliage is so loosely attached to the spike that it can be pushed back and the spike cut to the ground without injury to the plant. It opens 5 to 6 or more florets at a time on a spike of 18 buds. It produces plenty of bulblets which germinate readily and make strong growth. We urge you to give it a thorough trial.

FLORA FARMER

PINK RADIANCE

PINK RADIANCE

This variety was introduced in 1941 without any special advertising and with the modest statement that we believed that it would be successful as an exhibition variety and as a commercial cut flower. Only a few bulbs were sold and no bulblets were released. During the 1941 show season it was exhibited by only three or four persons yet it won more than a dozen blue ribbons in its color class at important gladiolus shows. Because of the vigorous growth which the variety makes from any size bulbs, we were able to furnish several hundred spikes, mostly from small bulbs, to the florists of Harrisburg. The favor with which it was received by the florists and its excellent growing habits confirms our opinion that the variety holds great promise as a commercial cut flower.

Pink Radiance is a pure light pink self color with a slight touch of carmine deep in the throat. It is a Picardy x Minuet seedling with many of the excellent qualities of its parents and which thus far has not shown some of their faults. It makes a spike 55 inches or more in height which does not crook. It opens 6 to 8 5½ inch florets on an 18 bud spike. When cut in the bud it opens out well in water. It produces plenty of bulblets which germinate well and make strong growth. In order that commercial growers may be able to give it a trial we are offering all sizes and bulblets at wholesale and are also offering some special collections.

BEGONIAS

(TUBEROUS ROOTED)
(American Grown)

The finest types in most any color. Invaluable for corsages (Camellia-flowered), in the late spring and all summer. The ever popular pot plant from Mother's Day until Frost.

Finest Types. Huge Blooms. Superb Colors. Select Strain.

(COLORS OF ALL TYPES LISTED BELOW)

Double Camellia Flowered, giant double camellia-like flower.
Crispa, large profusely frilled and ruffled single flowers, fine for bedding.
Cristata, single type, slightly frilled, a coxcomb-like tuft or crest is borne on each petal.
Singles. This type produces largest flowers, extensively used for bedding.
Hanging Basket or Pendula type. Hundreds of double flowers produced from single bulb.
Double Frilled or Carnation (Fimbriata Plena). Petals are frilled with serrated edges; flowers when in full bloom resemble a Carnation.

AMERICAN CARNATION SOCIETY CONVENTION, Philadelphia, 1941

NEW INTRODUCTIONS

FIRE CHIEF (Baur-Steinkamp & Co.) Pat.

A glorified sport of King Cardinal. 25% more petals, deeper rich red color, with the same vigorous growing habit as its parent. In addition to the vigor and productivity of King Cardinal, FIRE CHIEF has a fuller flower adding to the shipping value. Booked up through February. Delivery March or later.

$20.00 per 100 **$150.00** per 1000

GIANT PETER FISHER (Cummings)

A larger flower on a stiffer stem. Other than that, identical to its parent in color, production, growth, and marketability.

$15.00 per 100 **$125.00** per 1000

VENUS (Cummings)

An excellent pink of medium size that produces a steady crop of healthy plants. Splits or seconds are rare. Has gained much prominence in New England and is proving popular generally.

$12.50 per 100 **$100.00** per 1000

MARTHA CUMMINGS (Cummings)

A giant sport of Virginia producing a larger flower on a longer and stiffer stem. It is not as susceptible to stem rot as Virginia from which it is a sport. The flower has many more petals and is fully double and has the same color as its parent.

$15.00 per 100 **$125.00** per 1000

SILVERLYN (Wm. Sim & Son)

A fine medium pink with silver edges. A good producer of 3-3½" full well-formed flowers on stiff stems. Roots easily.

$20.00 per 100 **$150.00** per 1000

SCARLET KING

A sport of Pelargonium that grows more satisfactorily. It is freer, with a more attractive color. The petals are creamy white, with centers of bright red. Even more appealing than Pelargonium. The flowers are of good size and substance. Stems are long, calyx firm, and the keeping quality excellent.

$6.00 for 25 **$11.00** for 50
$20.00 per 100 **$150.00** per 1000

MARCHIONESS OF HEADFORT

A variety of the Pelargonium type. One of the most beautiful and impressive Carnations ever introduced. The petals are creamy white, melting into a ground color of rich, reddish orange. A good grower, a good producer and has a pleasing fragrance. The flowers of Marchioness of Headfort and of Scarlet King are certain to command premium prices in any market at any time.

$6.00 for 25 **$11.00** for 50
$20.00 per 100 **$150.00** per 1000

CARNATIONS—(Continued)

KENTUCKY (O. S. Honaker) Pat.

A very bright, rich, deep pink Carnation, almost Better Times color. Large in size with a very heavy stem, and does not split. A pretty fast grower, and an excellent producer.

$20.00 per 100 **$150.00** per 1000

(Free propagation for own use only)

STAR DUST (John Steidle) Pat.

Enormous in size, and a brilliant, clear white. It has a nice, clean type of growth, vigorous, and relatively fast.

$20.00 per 100 **$150.00** per 1000

(Free propagation for own use only)

DARK PINK PETER FISHER

Dark pink sport of the well known Peter Fisher (Ward Color). Identical to Peter Fisher, except it is a larger flower, and like most sports, stronger than its parent.

$12.50 per 100 **$100.00** per 1000

WEALTH (U. S. Dept. of Agr.)

Pure White. Large bloom. Very productive. Good stem and clean growth.

$10.00 per 100 **$90.00** per 1000

SALMON SPORT OF MRS. C. B. JOHNSON

$15.00 per 100 **$125.00** per 1000

SALMON SPORT OF MAVOURNEEN

Very fine

$15.00 per 100 **$125.00** per 1000

DAPHNE CNEORUM

A popular pot plant. Forms a magnificent solid pink globe of most fragrant blossoms. The individual flower resembles Bouvardia. Can be had in flower from St. Valentine's Day to the Spring holiday season, and blooms again in early Fall. The Fall flowering quality makes it extremely desirable for the garden after flowering in the home.

Field grown plants, trimmed, well shaped and stored, suitable for forcing.

HYDRANGEAS

1942 Introductions

NORWOOD. Deep pink and early. Sport of Gertrude Glahn. One of the sturdiest and best growers of any Hydrangea in existence. A free bloomer and holds its flowers longer than any Hydrangea we have ever seen. It is going to be a great commercial variety.

2¼ inch..... **30.00** per 100 **250.00** per 1000

"MERRITT'S BEAUTY" (Pat. applied for) Carmine Red and Early. Stands out among all varieties due to its unusual brilliance. It has a very strong stem and when properly grown should not require staking. It's early, easy to force and very free flowering.

"Merritts Beauty" is good by actual tests.
"Merritts Beauty" will certainly make good.

Greenhouse Sprayers

PARAGON POWER SPRAYER

An efficient, light and portable wheel-barrow type power sprayer, giving all the essential requirements expected in a more expensive outfit.

SPECIFICATIONS

ENGINE—2/3 HP Briggs & Stratton 4-cylinder air cooled gas engine or 1/2 HP electric motor with 50 feet of rubber covered cord and plug having switch within easy access to operator.

Discharges approximately 1 1/2 gallons per minute at 250 to 275 lbs. of continuous and even pressure. Sprayer may be shut off without stopping motor.

TANK—20 gallon. Heavy galvanized steel, heavily reinforced top and bottom, and suspended in a rugged steel frame. May be placed on the ground, or elevated by using ground iron or third wheel.

PUMP—Double cylinder, solid steel plunger, with special rawhide packing, also supplied with bronze suction and compression valves. Enclosed, running in oil gear and pinion positive drive which reduces speed of pump, preventing excessive wear on all moving parts. All parts are provided with ample oilers.

A mechanical agitator moving up and down, keeps material thoroughly mixed, especially before entering strainer.

DISCHARGE EQUIPMENT—25 feet of 3/8" high pressure spray hose, with quick shut off valve.

3 extension pipes and 1 spray pipe with regular spray tip; also one spray nozzle for heavy spraying materials.

WHEELS—Standard 16" pneumatic, roller bearing wheels and one 6" swivel rubber tired wheel.

Above described (Model No. 3P) **$135.00**

No. 3-Ps—Complete as above, but with standard 16" steel wheels, and with ground iron (instead of swivel wheel) **$117.50**

PARAGON GREENHOUSE SPRAYER No. 3

The most popular sprayer of its kind at a popular price. A necessary utility for the average grower. Wheel-barrow type.

Economical — Durable — Efficient

Shipping weight, 60 lbs.
Capacity: 12 Gals.

Equipment: 10 ft. Special Spray Hose, 7 1/2 ft. spray pipe in three sections. 1 steel spray nozzle for whitewash, etc. 1 Brass Mist Spray Nozzle. 1 Brass Straight Spray Nozzle. Truck—2 wheel (maximum width 19 in.). Or — if you prefer 1 wheel (maximum width, 15 in.).

$25.95 complete. F. O. B. Harrison, Ohio

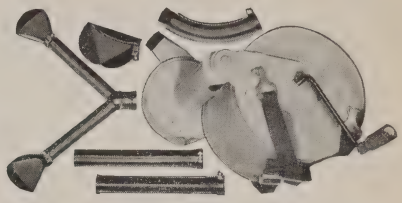
BAMBOO CANE STAKES (Dyed Green)
SQUARE HYACINTH STICKS

Pointed Split Bamboo—Dyed Green
Write for prices on sizes available

TONKIN GARDEN STAKES

Best quality, extra fine for Dahlias, nursery stock, etc. Smooth naturally polished, of even diameter throughout and able to withstand all weather conditions. **Write for particulars.**

ROOT CHALLENGE DUSTER



ROOT HAND GUN

A sturdily constructed duster, economical and designed to operate perfectly with any commercial dust in greenhouse walks. Geared high, it takes a minimum of effort to operate. Produces a strong air blast and a steady uniform flow of dust.

As reasonable as it is possible to get a fine, durable duster. A cheap investment that will pay good dividends.

MODEL C2 — $16.00

(Extra flexible hose and coupling **$1.00**

THE "LITTLE GIANT" FLAME GUN

Sterilize Seed Flats—Kill Sow Bugs, Snails, Slugs.
Prevent Fungus and Destroy Weeds.

EXCLUSIVE PATENTED FLAT FLAME OF 2000° F.

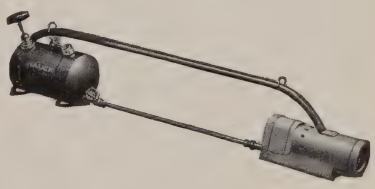
Spreads 10" wide by 26" long
Burns Kerosene—Range Oil—Stove Oil or Light Furnace Oil

BURNS ONLY 6% KEROSENE VAPOR WITH 94% AIR

SAVE TIME AND MONEY—DO THE WORK OF 4 MEN

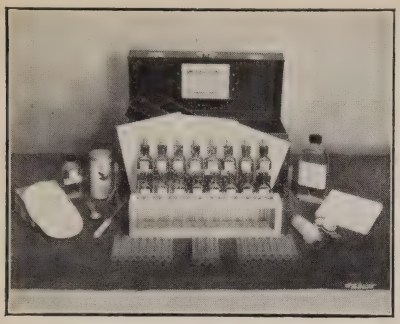
The "LITTLE GIANT" Flame-Gun consists of a 1 1/2-gal. all welded steel rustproof tank; powerful, quick-acting pump; 60-lbs. pressure gauge; "hand-tite" combination filler plug (requiring no wrenches). Full length grip handle with eyelets and snap shoulder strap assures perfect balance and easy handling. The burner is the Hauck patented FLAT FLAME with seamless steel coil, windshield and needle type regulating valve. Average oil consumption, 1 1/4 gallons per hour.

PRICE $24.00



THE LITTLE GIANT

This size is the most popular for florists' use. Pamphlet with pictures and prices of other sizes on request.



SIMPLEX SOIL TEST OUTFIT

SOIL TESTING KITS

SIMPLEX SOIL TEST OUTFIT

Invaluable to the Successful Grower

Simple and complete outfits for the accurate chemical diagnosis of soil needs. STOP needless losses on crops.

Determine easily, quickly and accurately just what fertilizing chemicals any soils contain in a form available for plant use. Knowing what fertilizers are required, it can readily be judged what treatment any soils should receive to make them most productive.

It is wise economy to find out what soils contain before spending money for fertilizers that may not be needed.

This exact knowledge will save more than the cost of the outfit in a short time.

THE SIMPLEX OUTFIT INCLUDES FIFTEEN CHEMICAL TESTS:

Nitrates, Potash, Phosphoric Acid, Lime, Carbonates, Soil Acidity, Ammonia, Nitrates, Iron, Magnesium, Aluminum, Manganese, Sulphates, Chlorides, and Sodium. All are easy to make and accurate.

Detailed instruction book with color charts and interpretation of the test is included.

This complete and efficient set is only **$22.00.**

The Junior Simplex Soil Test Outfit

Just as efficient as the complete equipment except that its use is limited to tests for NITRATES, PHOSPHORIC ACID, POTASSIUM, and SOIL REACTION. Full directions and color charts accompany this outfit also.

Only **$13.75** (Guaranteed to satisfy)

HORMONE POWDERS

Save time, money and space by treating your cuttings.

Fungicide and root stimulant for Seeds, Cuttings and Bulbs.

Hormodin Powder No. 1—A general purpose powder especially good for Carnations, Roses, Poinsettias, Chrysanthemums and similar types of cuttings.

1¾ oz. tin **50c**
Will treat 4,000 to 4,500 cuttings.
1 lb. tin **$3.00**

Rootone.....2 oz. **$1.00** 1 lb. **$5.00**

SLUG BAIT—Sprinkle a little at night on a dry surface at 3 to 4 ft. intervals. Pick up the dead snails and slugs in the morning.
Arione. 5 lbs. **$2.75.**
Kilslug. 325 dose size **$1.50,** 125 dose size **75c.**

FERTILIZERS

YOU CAN'T GET OUT WHAT YOU DON'T PUT IN.

Hyponex. The concentrate for growing plants in chemical culture. An excellent and complete food when used as a fertilizer. The new practical way to start seed is to sow it in sand, using Hyponex as a fertilizer. This way "damping off" worries are eliminated. We know of no other plant food in any form which is more effective than Hyponex in assisting germination of seeds and helping seedlings and cuttings to grow vigorous and strong. 1 lb. makes 100 gallons.
1 lb. **$1.00,** 10 lbs. **$5.35,** 25 lbs. **$10.00,** 50 lbs. **$16.67,** 100 lbs. **$26.67.**

Electra (4-9-3). America's finest plant food. High organic. Fast, safe, complete. 50 lbs. **$4.00,** 100 lbs. **$6.75.**

Universal Acid Plant Food (6-15-4). A complete food for Gardenias, Azalea, Heather, Rhododendrons and other plants requiring acid food. 50 lbs. **$4.00,** 100 lbs. **$6.75.**

Smith's Mum Manure. 100 lbs. **$4.75,** ton **$85.00.** F.O.B. Phil., Pa.

Wizard Brand Concentrated Manures. Pulverized Sheep or **Shredded Cow Manure.** 100 lbs. **$2.25,** 1000 lbs. **$20.00** 2000 lbs. **$39.00.** F.O.B. Chicago.

Leaf mold (Maplevale). 100 lbs. **$2.00.**

Granulated Peat Moss. $4.50 per bale. F.O.B. New York.

WRITE FOR SPECIAL QUANTITY QUOTATIONS OF ANY INSECTICIDE OR FERTILIZER

INSECTICIDES

TESTIMONIALS

April 22, 1941

I have appreciated the fine service, quality and packing we received and several helpful suggestions offered by your representative. We don't class him a salesman, but an old friend we always are glad to see. His helpfulness in procuring stock that we used in the County Show put us in the winning class.

OLD TROLLEY GREENHOUSES
Lewis G. Kelley, Mgr.
Mahopac, N. Y.

April 16, 1941

Your Tulips were excellent for Easter.

E. H. WETTERLOW & SON
Manchester, Mass.

May 6, 1941

I had a fine crop of Tulips which were all as good as Dutch Tulips of other years in both size and quality.

KILLINGSLY ST GREENHOUSES
(Frank Howarth)
Providence, R. I.

April 10, 1941

Want you to know how fine our Tulips have been this Spring. They have come through splendidly in spite of our apprehensions about lack of Holland stocks.

DEEMER FLORAL CO.
Bowling Green, Ky.
